PROFESSIONAL EXPERIENCE

Software Developer Stuvalley Technology Pvt. Ltd. Full-Time New Delhi, India	Jul 2024 - Present
--	--------------------

► [Stumount.in](#) — PhD Research & Thesis Management CRM stumount.in Stack: Angular, Node.js, MongoDB, RESTful API

- Developed and maintained a multi-tenant CRM portal for PhD students to manage thesis, journal paper submissions, and related academic services.
- Implemented separate portals and role-based workflows for students, vendors, executives, and administrators with centralized data management.
- Integrated JWT authentication and Role-Based Access Control (RBAC) to provide secure, role-specific access across multiple portals.
- Integrated backend REST APIs with Angular frontend for dynamic data rendering, service management, and real-time workflow updates.

► [Vidyapun.com](#) — E-Learning Management System vidyapun.com Stack: Next.js, Node.js, MongoDB, REST API

- Built and maintained course management, enrollment, and student progress tracking modules.
- Developed responsive UI components and optimised page performance using Next.js SSR.
- Contributed to live production platforms serving thousands of users with stable and seamless performance.
- Designed and implemented RESTful APIs for seamless frontend-backend integration and third-party services.
- Collaborated with product and design teams to translate requirements into production-ready features.

► [Stuintern.com](#) — Internship Discovery Platform [www.stuintern.com](#) Stack: Angular, Node.js, MongoDB, RESTful API

- **Developed and maintained** a live internship listing platform connecting students with companies across India.
- **Implemented** dynamic listing filters, company dashboards, and student application tracking features.
- **Integrated backend REST APIs** with Angular frontend for real-time data rendering.

Senior Executive – Operations	Apr 2018 – Jun 2024
ARG Academy, Sagplan Consulting Pvt. Ltd. Full-Time Delhi	

- **Managed and maintained** large-scale student databases with high accuracy.
- **Built advanced MIS reports** using MS Excel (Pivot Tables, VLOOKUP, HLOOKUP, COUNTIF, SUMIF, INDEX-MATCH).
- **Generated daily, weekly, and monthly operational reports** for senior management decision-making.
- **Coordinated with 5+cross-functional teams** to ensure timely and accurate data updates and compliance.
- **Trained junior staff** on data entry tools, Excel functions, and MIS reporting standards.

KEY ACHIEVEMENTS

Live Platforms	Built and shipped stuintern.com and vidyapun.com — serving thousands of active users daily.
Data Accuracy	Maintained large-scale student database with zero data errors across 10,000+ records using Excel & MIS tools.
Automation	Streamlined repetitive data workflows using Excel VBA macros, significantly reducing manual effort.
Full Stack	Proficient across Angular frontend, Node.js/Next.js backend, and MongoDB — end-to-end ownership.
6 Yrs Ops	Operations expertise in data management, MIS reporting, and cross-functional coordination — combined with modern dev skills.
